Costs visibility key to success

Managing expenses has been a major challenge at Silver Birch Care, a leading healthcare services provider operating multiple homes across the UK, with staff using petty cash to cover costs. Senior Manager Abs Latif wanted to be able to see and manage all of the costs, but the claims forms had become increasingly difficult and time-consuming to reconcile.

Fast-track set-up and great customer experience

Silver Birch Care turned to Caxton to improve their expenses processes, manage cashflow and reduce administrative overheads. 'The Caxton Corporate card is great,' said Abs Latif. 'We managed to open the Silver Birch Care account within one day.'

'Caxton provided more than 30 prepaid corporate cards to Silver Birch Care, as part of its automated expense management platform. Staff can now spend anywhere they need to, scan and categorise receipts in the Caxton app, and no longer have to use their own cash and fill out claims forms.

The fully integrated dashboard gives the finance team a single place to get real-time view of spending, report by category and reconcile expenses online, directly into their own accounts package, saving valuable time and money.

The Benefits

Corporate cards for all employees

Seamless integration into an accounts package

Full control and visibility of spending
